

Women  
Building  
Peace 

Dear Quilters and Advocates,

Welcome to the Women Building Peace campaign, Peace by Piece. We are thrilled to have you join us in this meaningful and historic movement — one that stitches together our voices, our hopes, and our collective power.

Throughout history, quilting has been more than just a craft; it has been a powerful form of expression and activism. Women have used quilts to tell stories, convey messages, and advocate for change. Today, we continue this legacy by transforming fabric squares into a unified call for peace, accountability, and constitutional rights.

As you embark on this journey with us, know that every stitch you make and every message you write is part of a larger tapestry of advocacy and action. Together, we are weaving a future of hope, resilience, and unwavering determination.

Thank you for being part of this movement. Let's quilt for change!

In solidarity,  
Women Building Peace

# LET'S GET STARTED!

## 1 Prepare Your Quilt Square

- ✦ *Select a piece of cotton fabric in a light color (so the message is readable).*
- ✦ *Cut it into a 10x10-inch square. (Use a ruler and fabric scissors for accuracy.)*
- ✦ *Leave a ½-inch border around the edges so your message is not sewn into the seam.*

## 2 Write Your Message

- ✦ *Use a black, fabric-safe Sharpie to ensure the writing stays visible.*
- ✦ *Keep your message short, positive, and focused on what you want leaders to do.*
- ✦ *Avoid personal attacks or negativity — this is about constructive advocacy.*
- ✦ *If you're comfortable, sign your first name and state at the bottom.*
